

International Journal of Machine Learning and Computing

CONTENTS

Volume 5, Number 1, February 2015

• Artificial Intelligence

Training Artificial Neural Network Using Modification of Differential Evolution Algorithm.....1
Ngoc Tam Bui and Hiroshi Hasegawa

Cognitive Learning Using Distributed Artificial Intelligence.....7
Omkar Pimple, Umesh Saravane, and Neha Gavankar

Translation Invariant Features from Cascaded Wavelet and Fourier Transforms for Bearing Fault Pattern Recognition Using Artificial Neural Network.....12
Muhammad Amar, Iqbal Gondal, Campbell Wilson, and Ahmet Sekercioglu

Adaptive Hybrid Model for Network Intrusion Detection and Comparison among Machine Learning Algorithms.....17
Md. Enamul Haque and Talal M. Alkharobi

• Algorithm Design and Application

A Fuzzy GM(1,1) Model Based Possibility Check for Predicting CO₂ Emissions.....24
Zhiyi Meng

Migrating Inputs: A Comparator Based Sorting.....31
S. Ureeb and M. S. H. Khoyal

Single Machine Scheduling Problem with Rejection to Minimize the Total Earliness plus the Total Rejection Cost.....36
Ling Nie

An Efficient Imperialism Competitive Algorithm for a Reliable Hub Covering Location Problem.....40
Marjan Sadeghi and Reza Tavakkoli-Moghaddam

• Intelligent Systems

Skyguard: A Context-Aware Mobile Information System for Emergency Management.....44
Nan Jing

A Multi Agent System for Hospital Organization.....51
Hanan Jemal, Zied Kechaou, Mounir Ben Ayed, and Adel M. Alimi

Effective Gaussian Blurring Process on Graphics Processing Unit with CUDA.....57
Ferhat Bozkurt, Mete Yağanoğlu, and Faruk Baturalp Günay

• Medical Information Processing and Bioinformatics

High Dimensionality and Scaling-up Performance of RBF Models with Application to Healthcare Informatics62

Julio de Alejandro Montalvo, George Panoutsos, Mahdi Mahfoufand, and James W. Catto

Brain Tissue Model Classification for Telesurgery Navigation.....	68
<i>Suárez B. Marco, Cifuentes G. Carlos, Suárez B. Juan, and Salinas V. Kathleen</i>	
Investigating Gender Effect on Traditional and Herbal Remedies to Manage Diabetes in KSA.....	73
<i>Yahya M. AlMurtadha, Osman A. Abdalla, Abdelrahman O. Elfaki, and Mustafa H. Alfrraj</i>	
A Multiple Genome Sequence Matching Based on Skipping Tree.....	78
<i>Zihuan Xu, Kewei Cheng, Yi Ding, Ziqiang Tian, and Hui Zhao</i>
